

HANDSTERILE

Alcohol-based antiseptic hand rub with mild formulation for high frequency professional use.

HISEPT HANDSTERILE is an alcohol-based antiseptic hand rub with strong antimicrobial properties for highly frequent professional use. Applying a small amount of highly effective fast-acting antiseptic is the least expensive means of preventing healthcare-associated infections (HAIs). Presence of effective moisturizers, leaves skin soft and refreshed and prevents irritation and skin problems such as dermatitis. This product can be used for hand antisepsis in operating rooms and critical or general patient care units.

Characteristics

- Alcohol-based hand rub
- Broad-spectrum antimicrobial activity
- Fast-acting formulation to kill germs in 30 seconds
- Contains effective moisturizers, leaving skin soft & refreshed
- No need to rinse

Product Specification

Color/Form	Clear blue Solution
pH	5-7
Scent	Pleasant odor
Shelf Life	36 months

THIS IS A HISEPT PRODUCT, WITH
**HIGH-LEVEL
SAFETY &
PROTECTION**

Ingredients

100 g HISEPT HANDSTERILE contains:

- 25 g Ethanol
- 40 g Isopropyl alcohol
- 0.125 g Didecyltrimethylammonium chloride

Auxiliary ingredients:

- Vitamine E
- Moisturizers
- Softeners
- Essence
- Dye
- Deionized water

Microbiological Effectiveness

Meets European Standards

Bactericidal Activity

According to EN 13727 (contact time: 60 seconds) Escherichia. coli/ ATCC 10536
Pseudomonas. aeruginosa/ ATCC 15442
Staphylococcus. aureus/ ATCC 6538
Enterococcus. hirae/ ATCC 10541

According to EN 1500 (contact time: 30 seconds) Escherichia. coli K12 NCTC 10538

According to EN 12791 (contact time: 60 seconds) Microbial flora

Yeasticidal Activity

According to EN 13624 (contact time: 60 seconds) Candida. albicans/ ATCC 10231
